ALL WEATHER JACKET

Lightweight waterproof Oxford woven Nylon jacket designed for street or off-road use. The high visibility orange gives the rider added security on the road.

Features: Snap Mandarin collar with foam laminated Nylon tricot lining. Mesh lining under back vent. Accordion type hip pockets with tight-sealing flaps. Padded elbows. Two snap adjustable cuffs. CAN-AM snap closures over two way zipper. Sizes: S, M, L, XL.

RAIN PANTS

Jacket comes with black matching pants which are light enough to be carried in pocket of jacket. Can be purchased separately.

Features: Seat patch. Elastic closures at waist and ankles. Sizes: S, M, L, XL.

ISDT JACKET

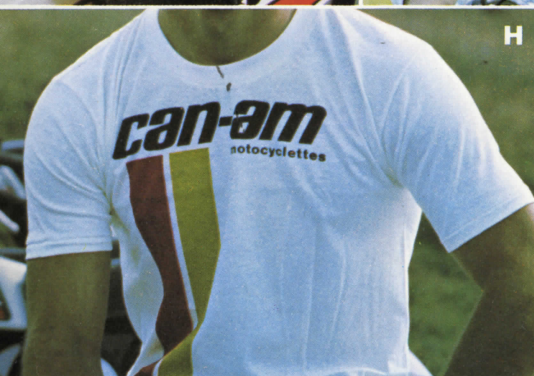

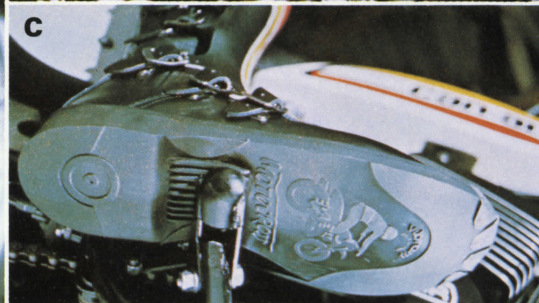

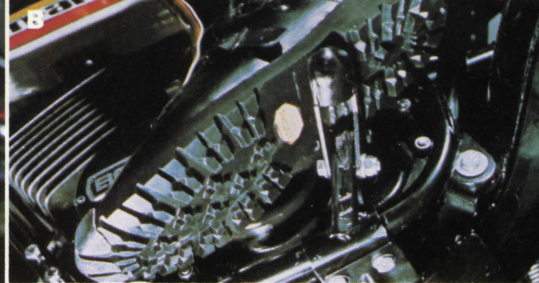

Designed in consultation with ISDT gold medalists, this jacket is similar to the one worn by them at the 1974 International Six-Day Trial at Camerino, Italy.

Features: The 100% Nylon jacket is water repellent. It shows a convenient rear accordion pocket for extras such as spare tubes or tire irons, as well as back and under-arm vents with Nylon mesh inner lining. Upper pockets are angled for easy access and elbows are padded with Uniroyal Ensolite. All Closures are Velcro for use even with gloves on.

Snap Mandarin collar with foam laminated Nylon tricot lining. Large front accordion pockets with tight-sealing flaps. Storm flap with snap closure over two way zipper. CAN-AM front crest and sleeve identification. An excellent buy for the discerning competitor or trail rider. Sizes: XS, S, M, L, XL.

STRONG POINT MX PANTS

- Back zippered pocket.
- Flap over heavy duty zipper to keep mud out.
- Snap out high density foam pads at hips.
- Belt has Velcro closure.
- Both CAN-AM stripes on legs.
- Double seat and inner leg patches.

BOOTS (MX OR ENDURO) (A)

Made exclusively for CAN-AM by an Italian manufacturer. Top grade cowhide. 7 steel buckles provide snug fit. Built-in ankle protection and padded shin guards. Padded foam top seal. Bold styling in CAN-AM colors. Available with MX (C) or Enduro (B) soles. Heavy-duty Nylon stitching. Sizes: 7 to 13, (E width).

MOTOCROSS SOCKS (D)

Knee-high motocross socks. Made of 100% quality synthetic fibers for comfort and absorbency without bulk. Black with orange, yellow and white trim to coordinate with CAN-AM boots and other riding apparel. One size fits all.

CHEST PROTECTOR (E)

High density closed cell foam (Uniroyal Ensolite) offers maximum protection with minimum weight. Oxford Nylon front, 100% absorbent cotton rear. Completely machine washable. A "must" for competition riding.

MXL GOGGLES (F)

- Designed to fit over helmets.
- Foam padded frame for comfort.
- Prevents fogging.
- High impact polycarbonate lenses.
- Adds approx 17 times more scratch resistance to the lens.
- Replacement lenses available in clear, yellow and smoke.

CAN-AM PRO GOGGLES (G)

- Foam covered vents.
- Allow air to circulate inside the goggle.
- Gold green lens can be used in all light conditions. Gold-green lens will create excellent contrast in poor light conditions.
- Lens is silicone-treated to reduce the amount of dust sticking to the lens.
- Slots in the goggles frame allow it to be worn over prescription glasses.
- Wrap around lens offers excellent peripheral vision.
- 100% protection from ultra-violet rays generated by the sun.

EMBLEM T-SHIRT (H)

Handsome, high quality, 100% cotton. Available in short sleeves with rib-knit collar. Bright CAN-AM identification. Sizes: S, M, L, XL.

MOTOCROSS JERSEY (I)

Clean styled vibrant white vented Nylon jersey with orange and yellow CAN-AM stripes. Machine washable and extremely comfortable to wear.

Features: Tear resistant Nylon lined elbows. CAN-AM logo name on front and upper arms. Sizes: XS, S, M, L, XL.

COVERALL (J)

Is specially designed as a lightweight garment for the most adverse conditions. It is bright, comfortable and permits full freedom of movement when riding. Especially good for those muddy motocrosses and enduros.

Features: Water repellent Nylon shell; elastic back and cuffs. Flip over front zipper. Patch on seat and inside legs. Double snap and buckles closure. Snap Mandarin collar. Back vent opened on mesh lining. CAN-AM front crest and sleeve identification. Sizes: XS, S, M, L, XL.

CAN-AM FIBERGLASS HELMET (K)

Outershell: multi-layered strong fiberglass.

Lining: density controlled polystyrene covered with a foam backed brushed nylon interior.

Features:

- Professional quality.
- Comes complete with a face guard of polycarbonate and the original Spoiler® visor.
- New CAN-AM striping and signature.
- Adjustable chin strap.
- Carries DOT, CSA, SHCA, SNELL 75 approvals.
- Available in white or black in sizes: S, M, L, XL.

DUFFLE BAG (L)

Black waterproof Oxford Nylon with bright CAN-AM identification. Large outer pocket for goggles and gloves. Waterproof inner boot bag included.

GOLF HAT (M)

Made of foam backed nylon. CAN-AM front crest. Large sun visor. Adjustable band at the back. Offered in bright orange or black.
